## Living Divani @ Milano Design Week 2022

---

After a week from the end of **Milan Design Week 2022**, Living Divani would like to thank all those who took part in this event, visiting our stand, or wandering around the city to discover new installations and collaborations, first and foremost the Living Divani Gallery, which saw a restyling of its spaces to accommodate the Novelties 2022. Enjoy a selection of images to relive, together with us, the projects and meeting "occasions" we have just shared.

---

### Salone del Mobile.Milano 2022

Living Divani returned to the **Salone del Mobile.Milano**, with a booth extended up to 800 mq, all on one floor, to unveil its identity, made up of unique furnishings, enchanting shapes and timeless style. The setting by Piero Lissoni, Art director of the brand since 1989, expands the space and creates a **sequence of environments that overlook a central urban garden**, connected to the other areas by a wooden walkway. Indoor and outdoor, public and private spaces, relaxation and work harmoniously coexist: Living Divani home concept rejects space-time boundaries and rigid distinctions to experiment with **new freedoms**, thanks to a wide and varied collection of pieces whose cornerstone is the desire to give voice to each individual personality, in a **single tale of elegance**.

## Living Divani Gallery

**Living Divani Gallery**, the Milanese showroom that opened the doors in the heart of Milan in September 2020, confirms itself as the place to unveil a broader vision of the brand identity, ranging from design, culture, experimentation to communication. During the FuoriSalone, the focus gets back

to the design and the manufacturing excellence of Living Divani meets the creative inspiration of Piero Lissoni in a new layout able once again to amaze and narrating in different ways the **sophisticated stylistic research, grace and energy** that distinguish each of the brand's creation.

*"For the Design Week, the Gallery is dressed in a new scenography... Borges said that two mirrors facing each other are enough to create a labyrinth, we have added a mirrored ceiling that dialogues with the floor, multiplying the perspectives to infinity, and the 2022 novelties will be performed on this stage," says Piero Lissoni.*

## Living Divani & Partners

### Living Divani @ Red Lounge

In addition to the presence at the 2022 edition of **Salone del Mobile. Milano**, Living Divani also furnished the Red Lounge, whose design has been curated by Studio Lissoni. Numerous models have been chosen to characterise this space, including Confident and Frog armchairs, Wedge table, as well as the latest products of 2022 such as Aero D desk.

### Living Divani @ Salone Satellite

The space dedicated to **Salone Satellite**, an international design event dedicated to under-35s, featured two Living Divani brand icons, such as Bubble Rock and Extrasoft sofas, to offer an oasis of relax and comfort to the public.

### Living Divani & Sanlorenzo

**Sanlorenzo** goes back to the wonderful setting of Università degli Studi of Milano, with an **exhibition-event called "FABBRICA"**, curated by Piero Lissoni. In the middle of the historic main courtyard, a high structure of interconnecting tubes reproduced the fly bridge of a boat, recreating the atmosphere of luxury on board, proposing four Ile Club Daybed, designed by the brands' Art Director.

### Living Divani @ Open Studio Cafè

On the occasion of Milano Design Week, **Studio Lissoni** has opened its doors to the public giving the opportunity to find out some projects of the architect Piero Lissoni. The Studio also proposed itself as a place of recreation and dialogue thanks to the collaboration with Living Divani, that has furnished perfect seats for relax and conversation.
