## LIVING DIVANI

Perfect, harmonious proportions and a feeling of understated luxury are the distinguishing features of Living Divani, a family-owned company that has made its trademark of upholstery. Since the early 1970s, the Company has followed a clear path, maintaining an intensive dialogue with the contemporary world and becoming one of the landmarks in the design landscape. Strategic is the alliance with Piero Lissoni who, since 1988 has led the firm's unique style in his dual role as art director and designer, seeking to express at best its distinctive language made of discretion and formal neutrality. The Living Divani collection is conceived as well for the Contract sector, where quality, technical performances and custom-made solutions qualify the company to be active globally in different fields: offices, banks, airports, hotels, waiting areas, museums, restaurants and showrooms. Significant acknowledgement of the path of excellence of Living Divani is the entry in Altgamma in 2012. Since September 2020, Living Divani Gallery is the brand's Milanese outpost, designed by Piero Lissoni as a theatrical stage where to represent the thousand facets of Living Divani' style, which further expanded in 2021 featuring new exhibition areas that develop in continuity while experimenting with new languages, in a surprising stylistic mix capable of enchanting for the perfect harmony.
