

**New Living Divani display in the Netherlands**

**Noort Interior showroom, Noordwijk**

**10<sup>th</sup> October 8 pm**

Reference point on the furniture design scene due to the perfection, harmonious proportions and sense of understated luxury of its upholstery, **Living Divani** is boosting its visibility in the **Netherlands**.

**Noort Interior**, a sophisticated showroom of 1,300 square meters and located in one of the best known tourist places in the Netherlands, **Noordwijk**, is renewing its display with an area entirely dedicated to the brands **Living Divani** and **Porro**, based on the theme of the design excellence and measured elegance of **Piero Lissoni**, art director and designer for both brands, who will be the **main protagonist** of the event.

Soft, refined and relaxing sets by Living Divani are completed by the dining room and bedroom by Porro, recreating the idea of a large cosmopolitan house, minimalist and luxury at the same time, which offers infinite ideas and inspirations for the design of private houses and apartment and for the world of hospitality, particularly flourishing in this area of the country.

Visitors are greeted and transported immediately into the Living Divani world of formal purity by the **Off Cut** bookshelves by *Nathan Yong*, made by piecing together bits of solid walnut or oak, the off-cuts from processing larger wooden boards used to create other pieces of furniture. The first space is dominated by the modularity of the **Extrasoft** sofa in leather, composed of welcoming and accommodating seats placed one next to the other in regular geometries, surrounded by **Kalé** table-stools by *Mario Ferrarini* in white Cristalplant® that are reminiscent of a stylised flower.

References to the past and contemporary details are features of the second large living area set which shows the **Confident** armchairs in olive colour velvet with rounded lines, the new **Lipp** sofa in brown leather, a reinterpretation of luxurious capitonné style in a geometrical spirit, the **Lipp bench** which proposes the elaborate diamond pattern on the seat and the **Ile Club** dormeuse, a Living Divani classic with a slim metal frame and a tempting upholstery in velvet. The scene also includes the new **Plane** low table by *Massimo Mariani* composed by 2 tempered glass panels encasing a slanting slab of walnut, the occasional tables **Rabbit & the Tortoise Collection** by *Studio Juju* with fluid shapes and the new **Starsky** coffee table by *David Lopez Quincoces*, made up of 3 circular stackable tops divided in sections and featuring the use of different wood types joined together by an inlay, creating variations from light to dark.

The protagonists of the third living area are the pleasingly asymmetrical three-seater sofa **NeoWall** in brown fabric and the **Rod** sofa, which distinguishes the leather upholstery of the shell from that of the cushions in fabric, for interesting combinations of materials. They are accompanied by the **Reader** armchairs by *Piergiorgio* and *Michele Cazzaniga* in leather, a restyling of a bergère with a clear retro inspiration in Living Divani spirit, and the low tables **B2** by *Victor Vasilev* in white-painted sheet steel, reminiscent of a miniature architecture with different perspectives from any point of view.

Finally, in the bedroom, the **Track** bench by *David Lopez Quincoces* in Bicolor leather offers a support surface at the foot of the bed, minimalist in its large and regular shapes yet more luxurious thanks to its finishes.

The set also includes the **Ceci n'est Pas un Baroque** and **Sin Titolo** carpets from the **Carpet Collection** designed by *Harry&Camila* and featuring the skilful use of precious fabrics and the harmony of shapes and colours. Large decorative surfaces on the floor which perfectly match with the Living Divani products by refining them with a touch of colour.
